

## DEPARTMENT OF ENERGY

### Pre-Solicitation Notice

Disposal of Class A, B and C Low-Level Waste (LLW), and Class A, B and C Mixed-Low-Level Waste (MLLW), 11e(2) Byproduct Material, Technology Enhanced Naturally Occurring Radioactive Material (TENORM), and Sealed Sources.

Within 15 to 30 days from the date that this notice is published, the U.S. Department of Energy (DOE) anticipates the release of Final Request for Proposals (RFP) DE-SOL-0001970 to permanently dispose of Class A, B and C LLW, and Class A, B and C MLLW, 11e(2) Byproduct Material, TENORM, and Sealed Sources. After the Final RFP is released, interested parties will be invited to submit proposals which will be evaluated by DOE. The Final RFP will be released to the public through FEDCONNECT.NET and will be available on the LLW/MLLW Disposal procurement web site at [http://www.emcbc.doe.gov/llw\\_mllw\\_disposal/](http://www.emcbc.doe.gov/llw_mllw_disposal/) upon release. DOE will not issue another synopsis announcing that the Final RFP has been posted.

Final RFP DE-SOL-0001970 is a follow-on to Draft RFP DE-SOL-0001970 which was issued to the public for comments only on June 6, 2011 via the procurement web site. The Final RFP will be issued on a full-and-open, unrestricted basis. It is the intent of the Government to award one or more Indefinite Delivery Indefinite Quantity (IDIQ) contracts resulting from the RFP to the responsible Offerors whose proposals are in accordance with the terms and conditions of the solicitation. Each IDIQ contract will be for multiple selected types of waste and more than one contractor may receive a contract for permanent disposal of a specific waste type. The IDIQ is anticipated to be for a period of five years (including options). The maximum quantity will be based upon the maximum quantity specified for each type of waste. Firm-fixed price task orders will be issued for the permanent disposal of specific quantities of waste. The North American Industry Classification System (NAICS) is 562211; size standard \$12.5M.

Any clarifying questions should be submitted in writing via the e-mail address at [LLW\\_MLLWdisposal@emcbc.doe.gov](mailto:LLW_MLLWdisposal@emcbc.doe.gov) within 30 days after issuance of the RFP.
