

inspected for external contamination and radiation levels in accordance with survey requirements under 10 CFR 835.405, *Occupational Radiation Protection*. The Contractor shall maintain a record of all surveys. A copy shall be forwarded to the CO and Designated Contracting Officer (DCO) and the Ordering Activity/Waste Generator shipping the waste upon request. Any vehicle contamination will be reported to the Ordering Activity/Waste Generator, and the CO and DCO within 24 hours of detection for determination of corrective action prior to decontamination and delivery vehicle release. Copies of survey reports shall be forwarded to the Ordering Activity/Waste Generator and CO and DCO in cases where readings are above the Contractor's Radioactive Material License or Department of Transportation (DOT) release criteria unless otherwise specified in the task order.

13. The Contractor shall prepare the various instruments of conveyance (trucks/trailers) for return to the provider for wastes delivered under this contract. Release of transport conveyances shall be in accordance with DOT standards under 49 CFR 177.843(a) and 49 CFR 174.715(a) and shall be included in the disposal price.

14. The Ordering Activity/Waste Generator shall transport and deliver the waste or cause it to be transported and delivered to the disposal facility as follows: (1) in vehicles or rail cars, (2) in bulk, packaged as required by DOT in 49 CFR 173, 174, 178 and 179 and other applicable regulations and as approved by Contractor in writing before loading and shipment, and (3) in accordance with Contractor license and the Regulations. All waste will be packaged in accordance with the Regulations, including 49 CFR regulations for radioactive material. The Contractor shall have no responsibility for arranging for, scheduling or transporting the waste unless otherwise specified in the task order.

15. A Uniform Low-Level Radioactive Waste Manifest (Manifest) shall be completed properly and in full and executed by the Ordering Activity/Waste Generator and delivered to the Contractor for and together with each loaded transport vehicle. The Ordering Activity/Waste Generator shall comply with all applicable regulations regarding shipping papers and, when applicable, the requirements for hazardous waste manifests. Additionally, the Ordering Activity/Waste Generator shall provide to the Contractor a copy of the completed and executed Manifest, a minimum of three (3) days prior to arrival at the disposal facility of the shipment for which the Manifest has been prepared. All waste shipped on an individual Manifest shall be considered a "Shipment" under the terms of this contract.

16. If the Manifest is in error or not properly executed, or if the loaded transport vehicle and/or containers do not conform to the requirements of Contractor license or the Regulations, or if they arrive damaged or unusually difficult to unload, the Contractor shall give notification to the DCO and Ordering Activity/Waste Generator, and advise the DCO and Ordering Activity/Waste
