EMPLOYEE CONCERNS POLICY

The U.S. Department of Energy, Environmental Management Consolidated Business Center (EMCBC), believes that investigating, understanding and responding to employee concerns provides a valuable tool to improve safety, the work environment, and productivity at the EMCBC and customer sites. When the employee cannot achieve resolution with his/her employer, or has a concern regarding retaliation, intimidation or harassment, the EMCBC encourages the employee to contact the Employee Concerns Program (ECP) office.

FILING AN EMPLOYEE CONCERN
