POLICY PRINCIPLES

I. DOE Recognizes the Federal Trust Relationship and Will Fulfill Its Trust Responsibilities to American Indian and Alaska Native Nations.

The DOE will be diligent in fulfilling its federal trust obligations to American Indian and Alaska Native governments in policy implementation and program management activities. The DOE will pursue actions that uphold treaty and other federally recognized and reserved rights of the Indian nations and peoples. The Department recognizes that some Tribes have treaty-protected and other federally recognized rights to resources and
resource interests located within reservation boundaries, aboriginal territories, and outside reservation and jurisdictional boundaries, and will, to the extent of its authority, protect and promote these treaty and trust resources and resource interests, and related concerns in these areas.

When internal policies, regulations, and statutes, or other barriers prohibit or hinder the DOE trust protection actions or participation in eligible program initiatives, the Secretary will direct the agency to seek corrective protection measures, and tribal government program inclusion.

The DOE is committed to protecting treaty compliance and trust interests of Indian nations during interactions with state and local governments and other stakeholders with regard to DOE actions impacting upon American Indian and Alaska Native governments and peoples. The Department will inform and educate state and local governmental entities and other stakeholders about the DOE's role and responsibilities regarding its trust relationship with Indian nations.

The DOE will seek to determine the impacts of Departmental-proposed legislation upon Indian nations, in extensive consultation and collaboration with tribes. The Secretary will implement this notice and consultation effort consistent with the intent and purpose of this Policy.

II. THE DEPARTMENT RECOGNIZES AND COMMITS TO A GOVERNMENT TO GOVERNMENT RELATIONSHIP AND WILL INSTITUTE APPROPRIATE PROTOCOLS AND PROCEDURES FOR PROGRAM AND POLICY IMPLEMENTATION.

The DOE recognizes Tribal governments as sovereign entities with primary authority and responsibility for the protection of the health, safety and welfare of their citizens. The Department will recognize the right of each Indian nation to set its own priorities and goals in developing, protecting, and managing its natural and cultural resources. This recognition includes separate and distinct authorities that are independent of state governments.

The Department, in keeping with the principle of self-governance, recognizes American Indian and Alaska Native governments as necessary and appropriate non-Federal parties in the federal decision-making process regarding actions potentially impacting Indian country energy resources, environments, and the health and welfare of the citizens of Indian nations. The DOE will establish protocols for communication between tribal leaders, the Secretary, and federal officials. The DOE will ensure consistent application of program and policy implementation with Indian nations through periodic review, assessment, and collaboration with tribal representatives to audit protocol systems. Principles of consistent policy implementation will be tempered with consideration of the diverse cultures and ideals of the Indian nations.
III. THE DEPARTMENT WILL ESTABLISH MECHANISMS FOR OUTREACH, 
NOTICE, AND CONSULTATION, AND ENSURE INTEGRATION OF INDIAN 
NATIONS INTO DECISION-MAKING PROCESSES.

To ensure protection and exercise of tribal treaty and other federally recognized rights, 
the DOE will implement a proactive outreach effort of notice and consultation regarding 
current and proposed actions affecting tribes, including appropriate fiscal year budget 
matters. This effort will include timely notice to all potentially impacted Indian nations in 
the early planning stages of the decision-making process, including predraft consultation, 
in the development of regulatory policies on matters that significantly or uniquely affect 
their communities. As appropriate, the DOE will provide delivery of technical and 
financial assistance related to DOE-initiated regulatory policy, identifying programmatic 
impacts, and determining the significance of the impact. The DOE will continue to 
conduct a dialogue with Indian nations for long and short term decision-making when 
DOE actions impact Indian nations. The DOE will comply with the Consultation and 
Coordination With Indian Tribal Governments Executive Order 13084, May 14, 1998, 
and the Government to Government Relations With Native American Tribal 
Governments Executive Memorandum, April 29, 1994.

The DOE will implement permanent workshops and programs for field and headquarters 
staff on American Indian and Alaska Native cultural awareness and tribal governance.

Due to the nature of the trust responsibility to tribal governments, performance reviews of 
consultation activities will be conducted, in collaboration with tribal governments.

IV. DEPARTMENT-WIDE COMPLIANCE WITH APPLICABLE FEDERAL 
CULTURAL RESOURCE PROTECTION AND OTHER LAWS AND 
EXECUTIVE ORDERS WILL ASSIST IN PRESERVATION AND PROTECTION 
OF HISTORIC AND CULTURAL SITES AND TRADITIONAL RELIGIOUS 
PRACTICES.

The Department will consult with any American Indian or Alaska Native tribal 
government with regard to any property to which that tribe attaches religious or cultural 
importance which might be affected by a DOE action. With regard to actions by DOE in 
areas not under DOE control or when an action of another federal agency takes place on 
DOE land, DOE will consult with tribes in accordance with this Policy. Such consultation 
will include tribal involvement in identifying and evaluating cultural resources including 
traditional cultural properties; facilitating tribal involvement in determining and 
managing adverse effects; collaboration in the development and signing of memoranda of 
understanding with DOE, when appropriate.

Departmental consultation will include the prompt exchange of information regarding 
identification, evaluation and protection of cultural resources. To the extent allowed by 
law, consultation will defer to tribal policies on confidentiality and management of 
cultural resources. Consultation will include matters regarding location and management 
methodology; repatriation and other disposition of objects and human remains; access to
sacred areas and traditional resources located on DOE lands, consistent with safety and national security considerations; and cultural resources impact assessment of potential loss to tribal communities.

The DOE will comply with current and forthcoming cultural resource protection laws and Executive Orders including Native American Graves Protection and Repatriation Act; Archaeological Resources Protection Act; American Indian Religious Freedom Act; National Historic Preservation Act; National Environmental Policy Act; Freedom of Information Act; Privacy Act; Indian Sacred Sites Executive Order 13007, May 24, 1996; Consultation and Coordination With Indian Tribal Governments Executive Order 13084, May 14, 1998; Government to Government Relations With Native American Tribal Governments Executive Memorandum, April 29, 1994; Tribal Colleges and Universities Executive Order 13021; Executive Order 12898 on Environmental Justice.

V. THE DEPARTMENT WILL INITIATE A COORDINATED DEPARTMENT-WIDE EFFORT FOR TECHNICAL ASSISTANCE, BUSINESS AND ECONOMIC SELF-DETERMINATION DEVELOPMENT OPPORTUNITIES, EDUCATION, AND TRAINING PROGRAMS.

The Department will implement a consistent national outreach and communication effort to inform tribal leaders and tribal program officials about access to internships and scholarships; availability of technical assistance and training opportunities; conventional and renewable energy development programs; related tribal business and individual member business enterprise, service-provider, and contracting opportunities.

The DOE recognizes the need for direct funding and technical assistance from applicable DOE-sponsored programs within the Department and the National Laboratories which deal with regulation, energy planning, and development of energy resources on tribal lands and Alaska Native site-controlled and trust lands.

The Department will provide information and outreach programs to tribal and individual member businesses on opportunities to participate, compete, and participate in renewable and convenational energy generation, transmission, distribution, marketing and energy services, grants, and contracts. The Department will assist in development of balanced, sustainable, and viable American Indian and Alaska Native communities by continuing to implement Title XXVI, Indian Energy Resources, of the National Energy Policy Act that provides for the promotion of resource development and energy integration.

The Secretary will create programs that encourage and support the establishment of federal, private, tribal and intertribal partnerships. The Department will provide assistance and coordinate with other federal agencies in the development of energy-related projects.
VI. THE SECRETARY OF ENERGY WILL CONDUCT PERIODIC SUMMITS WITH TRIBAL LEADERS FOR PERFORMANCE REVIEW OF POLICY IMPLEMENTATION AND ISSUE RESOLUTION.

The Secretary will engage tribal leaders in periodic dialogue, to discuss the Department's implementation of the American Indian and Alaska Native Policy. The dialogue will provide an opportunity for tribal leaders to assess policy implementation, program delivery, and discuss outreach and communication efforts, and other issues.

VII. THE DEPARTMENT WILL WORK WITH OTHER FEDERAL AGENCIES, AND STATE AGENCIES, THAT HAVE RELATED RESPONSIBILITIES AND RELATIONSHIPS TO OUR RESPECTIVE ORGANIZATIONS AS THEY RELATE TO TRIBAL MATTERS.

The DOE will seek and promote cooperation with other agencies that have related responsibilities. The Department's mission encompasses many complex issues where cooperation and mutual consideration among governments (federal, state, tribal, and local) are essential. The DOE will encourage early communication and cooperation among all governmental and non-federal parties regarding actions potentially affecting Indian nations. The DOE will promote interagency and interdepartmental coordination and cooperation to assist tribal governments in resolving issues requiring mutual effort.
