**If your installation...**

- moves to another location,
- changes ownership or other information (for example: regulated activity, mailing address, generator status, contact person, waste codes),
- no longer generates hazardous waste,

**Then you must...**

- send a letter to deactivate your existing ID number and complete a new RCRA Subtitle C Site Identification form to receive an ID number for the new location.
- submit an updated (subsequent) RCRA Subtitle C Site Identification form.
- send a letter on company letterhead requesting deactivation of your ID number.

All correspondence should be sent to: Ohio EPA, Division of Materials and Waste Management (DMWM), 50 West Town Street, Suite 700, Columbus, Ohio 43215.
