Clarification for Questions Posted on 01/11/2016

For clarification purposes only on the previously posted Questions #86, #111, #112, #113, #129 and #144 only those categories listed in Section J, Attachment J-3 **will be evaluated** and included in the contract for Key Personnel and ID/IQ use only. Specifically Attachment J-3 **is not** an all-inclusive listing of all the labor categories required to perform the PWS. Each Offeror shall propose the labor mix that supports the approach it is proposing to complete all requirements of the PWS. However, **do not** include any of these additional categories/rates in the table in Attachment J-7.
