15A. NAME AND TITLE OF SIGNER (Type or print)			16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Matthew R. Carpenter		
15B. CONTRACTOR/OFFEROR (Signature of person authorized to sign)		15C. DATE SIGNED	16B. UNITED STATES OF AMERICA (Signature of Contracting Officer)		16C. DATE SIGNED 01/28/15

The purpose of this amendment is to modify language in Section M.5. The following sections of the solicitation are amended as follows:

1. Section **M.5 EMCBC-M-1005 PRICE EVALUATION** is amended as follows:

FROM:

The Offeror's proposed price will not be point scored or adjectivally rated. DOE will evaluate each Offeror's total proposed price for the sample task, as well as, evaluating the proposed fully burdened labor rates to assess price reasonableness, price realism and completeness. The price reasonableness evaluation may include the following:

- Comparison of the Offeror's proposed fully burdened labor rates to other Offeror's proposed fully burdened labor rates.
- Comparison of the Offeror's proposed total price to other Offeror's total proposed price.
- Comparison of the proposed fully burdened labor rates and total price with independent government cost estimates.

The price realism analysis will be utilized to determine if the proposed fully burdened labor rates and total proposed price are realistic and consistent with the Technical Approach to the Sample Task with regard to the nature, scope and duration of the work to be performed. The price realism analysis may include an analysis of the individual cost elements used to develop the fully burdened labor rates and proposed total price to determine if the proposed fully burdened labor rates and the proposed total price is significantly over or understated. Inconsistencies between the Price Proposal and other portions of the proposal could raise concerns regarding the Offeror's understanding of the requirements and ability to perform the work for the proposed fully burdened labor rates and the proposed total price.

An unreasonable, unrealistic or incomplete Price Proposal may be evidence of the contractor's lack of, or poor understanding of, the requirements of the PWS and thus may adversely affect the rating of the Offeror's Technical Approach to the Sample Task Proposal. The Offeror has the responsibility to fully document its cost proposal and provide clear traceability to the PWS.

DOE will review the financial condition of the Offeror to ensure the Offeror has the financial resources to perform the awarded activity or the ability to obtain them.

TO:

The Offeror's proposed price will not be point scored or adjectivally rated. DOE will evaluate each Offeror's total proposed price for the sample task, as well as, evaluating the proposed fully burdened labor rates and proposed ODC's to assess price reasonableness. The price reasonableness evaluation may include the following:

- Comparison of the Offeror's proposed fully burdened labor rates to other Offeror's proposed fully burdened labor rates.
- Comparison of the Offeror's proposed total price to other Offeror's total proposed price.
- Comparison of the proposed fully burdened labor rates and total price with independent government cost estimates.

An unreasonable Price Proposal may be evidence of the contractor's lack of, or poor understanding of, the requirements of the PWS and thus may adversely affect the rating of the Offeror's Technical Approach to the Sample Task Proposal. The Offeror has the responsibility to fully document its price proposal and provide clear traceability to the PWS.

DOE will review the financial condition of the Offeror to ensure the Offeror has the financial resources to perform the awarded activity or the ability to obtain them.

2. All other terms of the solicitation remain unchanged
