

**United States Department of Energy**  
**Synopsis / Pre-Solicitation and Site Tour Notice**  
**Moab Uranium Mill Tailings Remedial Action (UMTRA) Technical Assistance Contract**  
**(TAC)**

The U.S. Department of Energy (DOE) anticipates the issuance of a Draft Request for Proposal (RFP), DE-SOL-0009670 within 45 days of this notice, to provide support for the Moab Uranium Mill Tailings Remedial Action (UMTRA) Technical Assistance Contract (TAC). The work will be performed at the following locations: Moab, UT, Crescent Junction, UT, Grand Junction, CO and some work may be performed at the contractor's facilities. DOE intends to conduct a pre-solicitation conference and site tour for this procurement. Interested parties are encouraged to review the Draft RFP prior to the pre-solicitation conference and site tour. At this time, DOE has tentatively scheduled these activities to be held on December 7th, 2016. Please note this date is subject to change and interested parties should continue to monitor the Moab UMTRA TAC Procurement website for specific details at:

<https://www.emcbc.doe.gov/SEB/Moab/>.

DOE requires a Contractor to perform the following services under this acquisition including (but not limited to): Project Management, Records Management, Training; Information Technology and Telecommunication Infrastructure; Safeguards and Security; Public Affairs/Community Relations; Property Management (real and personal); Documentation Support, Graphics, Reproduction; Project Integration; Ground Water Interim Action; Quality Assurance; Environment, Safety, and Health Support; Regulatory Compliance; Independent Verification; Revegetation; Vicinity Property Surveys and Augmented Technical Assistance.

Interested parties are encouraged to review the Draft RFP and provide suggestions, comments, questions, and changes in writing to: [john.blecher@emcbc.doe.gov](mailto:john.blecher@emcbc.doe.gov). DOE will not respond to or post on the procurement website any oral or written questions or comments pertaining to the Draft RFP; however, DOE will respond to and post questions and answers on the Final RFP after its release.

A dedicated webpage has been established for this procurement. All news/announcements, documents (including the Draft and Final RFP), questions/answers, pre-solicitation conference information, and related links will be posted to the following webpage:

<https://www.emcbc.doe.gov/SEB/Moab/>. The Draft and Final RFP will also be posted to the Fedconnect website at: [www.fedconnect.net](http://www.fedconnect.net).

DOE personnel may contact responding firms to clarify comments, proposed changes, questions, and other matters as necessary. This Draft RFP is NOT a formal request for proposals. Proposals are NOT being requested in response to the Draft RFP and will NOT be evaluated.

In developing the Final RFP, DOE will consider all comments, proposed changes, and questions received. DOE tentatively anticipates issuance of the Final RFP, for which proposals will be requested, late in the first quarter of Government fiscal year 2016. No additional synopsis will be released prior to issuing the Final RFP. The contract award resulting from the Final RFP is expected to be in or about the 2<sup>nd</sup> quarter of fiscal year 2017.

The Government anticipates awarding a single award Indefinite-Delivery/Indefinite-Quantity (IDIQ) contract and will issue Firm-Fixed-Price and Time-and-Material Task Orders off of the IDIQ contract. The expected ordering period will be five years in length. This procurement will be 100% set-aside for the U.S. Small Business Administration's 8(a) Business Development Program. The North American Industrial Classification System (NAICS) code for this effort is 562910, Environmental Remediation Services with a size standard of 750 employees. The Government does not intend to acquire a commercial item or service using FAR Part 12.
