

**SECTION J, ATTACHMENT J-11
INTERFACES WITH OTHER CONTRACTORS**

The current OREM prime contractors and other DOE contractors which the Contractor shall interface with include the following:

1. URS | CH2M Oak Ridge, LLC (UCOR), Contract No. DE-SC0004645. Contractor responsible for the Decontamination and Demolition (D&D) and environmental remediation of the East Tennessee Technology Park (ETTP).
2. Isotek Systems, LLC, Contract No. DE-AC05-04OR22860. Contractor responsible for storage, processing and disposition operations of U-233 inventory, Surveillance and Maintenance operations for building 3019 Complex.
3. NorthWind Solutions, LLC, Contract No. DE-EM0003760. Contractor responsible for operating the Transuranic Waste Processing Center (TWPC) in a safe and compliant manner that facilitates the Safe and compliant processing, packing storage and disposal of transuranic (TRU) waste. The waste to be managed under this contract includes contact-handled (CH) and remote-handled (RH) TRU waste currently in storage, or to be generated by ongoing activities, on the Oak Ridge Reservation.
4. CTI and Associates, Contract No. DE-EM-0003686. Contractor responsible for site demolition and environmental remediation for the K-732 Electrical Switchyard located at ETTP.
5. CH2M Hill Constructors, Contract No. DE-EM0003601. The Architect and Engineering Contractor responsible for the design of the Sludge Solidification Center, part of the Sludge – Processing Facility Buildouts Project at the Transuranic Waste Processing Center (TWPC) which provide the capability to process, ship, and disposition legacy RH TRU Sludge and supernate.
6. Consolidated Nuclear Security (CNS), Contract No. DE-NA0001942. CNS is the Management and Operations (M&O) Contractor for the Department of Energy (DOE) National Nuclear Security Administration (NNSA) Y-12 Site. The Y-12 operation helps ensure a safe and effective U.S. nuclear weapons deterrent.
7. UT-Battelle (UT/B), Contract No. DE-AC05-00OR22725. UT/B is the Management and Operations (M&O) contractor for the Department of Energy (DOE) Office of Science at the Oak Ridge National Laboratory (ORNL). ORNL is an American multiprogram science and technology national laboratory managed for the United States Department of Energy (DOE).
