

**United States Department of Energy**  
**Synopsis for the Oak Ridge Office of Environmental Management**  
**Technical Support Services Procurement**

This notice is considered to be a synopsis in accordance with FAR Subpart 5.2 for the Oak Ridge Office of Environmental Management (OREM) Technical Support Services (TSS) procurement.

The U.S. Department of Energy (DOE) anticipates the issuance of a Request for Proposals (RFP), DE-SOL-0009142, to provide technical support services to OREM. The RFP will be issued as a 100% small business set-aside competition under North American Industry Classification System (NAICS) code 562910, Environmental Remediation Services, with a size standard of 750 employees. All responsible sources may submit a proposal to be considered by DOE. The Government does not intend to acquire a commercial item or service using FAR Part 12 procedures.

OREM is responsible for removing environmental legacies from decades of nuclear weapons development and Government-sponsored research. To help ensure OREM environmental cleanup mission success, OREM requires technical support and oversight assistance services which includes, but is not limited to: Project Planning and Baseline Support; operation and maintenance of project planning and baseline management systems; Independent Government Cost Estimate Support; Senior Management Technical Support; and Portfolio Federal Project Director Technical Support.

Note that in accordance with FAR Subpart 9.5, Organizational and Consultant Conflicts of Interest, due to the nature of services to be performed under this contract, the successful Offeror may be precluded from competing for future OREM project acquisitions. Similarly, current OREM contractors may not be eligible to perform services under this procurement due to an inherent conflict of interest.

Interested parties are encouraged to review the RFP, which is anticipated to be released within the next 45 days, and provide questions and comments in writing to: [OREMTSS@emcbc.doe.gov](mailto:OREMTSS@emcbc.doe.gov). DOE will respond to and post questions and answers on the RFP after its release. Any needed cut-off date for question/comment submittal will be provided at the appropriate time.

The contract resulting from the RFP is expected to be awarded in or about the 3rd quarter of Government fiscal year 2017.

A dedicated webpage has been established for this procurement. All news/announcements, documents, questions/answers, and related links will be posted to the following webpage: <https://www.emcbc.doe.gov/SEB/OREMTSS/>. Interested parties are encouraged to continue to monitor the procurement website for updates. The RFP will also be posted to the FedConnect website at: [www.fedconnect.net](http://www.fedconnect.net) and the FedBizOpps website at [www.fbo.gov](http://www.fbo.gov).
