

**Paducah Infrastructure Support Services
Request for Proposal DE-SOL-0006383
Questions and Answer #84 (Revision)**

No.	Industry Question	DOE Answer
84.	We understand that there is a potential increase in the PWS to add some additional items, when does the DOE plan on releasing an amendment, and will the due date of the proposals be extended in order to allow ample time to appropriately respond to these changes?	It is unclear as to the nature of the question. Consistent with other DOE-EM procurements, any amendments to the Final RFP will be released as soon as possible to industry. At this time, an extension to the proposal due date is under consideration.
