Dear Ms. Kelley:

Effective May 22, 2013, the United States Department of Energy (DOE) transferred ownership and operational responsibility of the X-152-J-3 Emergency Diesel Generator from the Decontamination and Decommissioning (D&D) Contractor, Fluor-B&W Portsmouth, LLC (FBP), to the Facility Support Services Contractor, Wastren-EnergX Mission Support, LLC (WEMS). This generator was initially registered by FBP (Facility ID. 06-66-00-5004) in March 22, 2012, and was assigned an Emissions Unit Identification (EUID) of P543. A letter notifying the Ohio EPA of this change was sent on May 28, 2013 (ESH&Q-13-049). Per your subsequent discussion with Robert Anderson of my staff, please find attached a copy of the completed Ohio EPA Permit-by-Rule Notification Form for this emergency generator.

If you have any questions or require further information, please contact Robert Anderson, WEMS Environmental Manager, at (740) 897-4594.

Sincerely,

A handwritten signature in black ink that reads 'Damon A. Detillion'.
