EM Small Business Program

RECOGNIZING THE BENEFITS OF MAXIMIZING SMALL BUSINESS CONTRACT AWARDS

The mission of the Office of Environmental Management (EM) is to complete the safe cleanup of the environmental legacy brought about from five decades of nuclear weapons development and government-sponsored nuclear energy research.

OFFICE OF ENVIRONMENTAL MANAGEMENT SMALL BUSINESS PROGRAM OVERVIEW

Maintaining a robust program of small business entrepreneurship contributes to the vitality of the American economy and is critical for economic recovery. The experience of the Environmental Management program (EM) demonstrates that contracting with small businesses results in significant cost efficiencies. Environmental Management (EM) has been a strong advocate for small business and fully supports increased small business participation in performance of mission critical EM work.

The following EM Small Business Policy demonstrates EM's commitment to small business and recognizes the incredible contributions made by the small business community furthering the mission of the EM program.

OFFICE OF ENVIRONMENTAL MANAGEMENT SMALL BUSINESS POLICY STATEMENT

It is the policy of the Office of Environmental Management to maximize the inclusion of small businesses, including small businesses owned by the disadvantaged (SDB), women (WOSB), service-disabled veterans (SDVOSB), veterans (VOSB), those located in Historically Under-Utilized Business Zones (HUBZones), and participants in the 8(a) Business Development Program [8(a)] in contracts awarded to support activities to further EM's core mission objectives. EM recognizes that small business serves a vital role in contributing to job growth and economic stability.

OFFICE OF ENVIRONMENTAL MANAGEMENT SMALL BUSINESS GOALS

Goal 1: Establish a best-in-class small business program

Goal 2: Achieve EM small business goals at all sites supporting the EM program

Goal 3: Engage the small business community in identifying obstacles to performing EM scopes of work

EM PROGRAM PRIORITIES

- Maintain a safe, secure and compliant posture
- Stabilize, treat and dispose of radioactive tank waste
- Secure and store nuclear material in a stable, safe configuration
- Transport and dispose of transuranic and low-level wastes
- Remediate groundwater and soil
- Deactivate and decommission excess facilities
