SUPPLIES OR SERVICES PRICES / COST

B.01 SUMMARY OF BASIC ORDERING AGREEMENT B-2
B.02 PRICE..... B-2
B.03 OBLIGATION OF FUNDS B-2
B.04 APPROVED WASTE TYPES B-2

B.01 SUMMARY OF BASIC ORDERING AGREEMENT

This is NOT a contract as defined by FAR 2.101. This Basic Ordering Agreement (BOA) is a written instrument of understanding negotiated between the Government and the Contractor. Firm-Fixed Price task orders or Indefinite Quantity task orders with Fixed-Unit-Rates may be issued off of this BOA and nothing in this BOA shall imply or guarantee any future orders with the Contractor. There is no guaranteed minimum dollar amount or volume of work that is associated with this agreement. If issued, individual orders will have a range of waste quantities and associated dollar values. If and when an order is placed against this BOA, and accepted by the Contractor through performance, the terms and conditions provided and agreed to herein will become binding on the individual order.

The BOA between DOE and the Contractor is for the purpose of providing all personnel, facilities, equipment, material, supplies, and services necessary for the treatment of Class A, B, and C Low-Level Waste (LLW) and Mixed Low-Level Waste (MLLW), liquid and solid polychlorinated biphenyls (PCBs), Toxic Substances Control Act (TSCA) wastes, and the performance of other ancillary waste services including Bulk Survey for Release (BSFR). This BOA supports the continued cleanup of the large volumes of LLW and MLLW contained throughout the Department of Energy (DOE) Office of Environmental Management (EM) complex. EM predominately generates and manages the vast majority of this waste through the remediation of former nuclear weapons production sites. This BOA supports DOE cleanup goals, the updated DOE Strategic Plan, and the EM mission by developing a thorough strategy to treat various wastes types

B.02 PRICE

Services, quantities, surcharges, and extended prices for the treatment of waste covered under the scope of this BOA will be established at the competitive task order level. Therefore, in accordance with FAR 16.703 (c) (1), the method of determining prices under this BOA will be determined at the competitive task order level.

B.03 OBLIGATION OF FUNDS

The amount of funds obligated and made available for payment will be stated in each task order.

B.04 APPROVED WASTE TYPES

The Contractor has the required licenses, permits or authorizations to provide treatment services for the following waste types in Section C:

TBD

The Contractor may, at any time during the period of performance of this BOA, submit applicable, current, dated, and signed licenses, permits or authorizations required to treat additional waste types not previously approved for treatment under this BOA to the Contracting Officer for review and approval.
