**L.9 DOE-L-2001 PROPOSAL PREPARATION INSTRUCTIONS – GENERAL (OCT 2015)  
ALTERNATE I AND ALTERNATE II (OCT 2015) (REVISED)**

(a) Definitions.

- (1) Offeror. The term “Offeror,” as used in this Section L, refers to the single entity submitting the proposal. The Offeror may be a single corporation or a “Contractor team arrangement” as defined in FAR 9.601(1), for example, a limited liability company, limited liability partnership, joint venture, or similar entity or arrangement. If the Offeror is a newly formed entity, it must be legally established on or before the date for submission of proposals. (See Volume I instructions regarding any requirement for a Performance Guarantee Agreement.)
- (2) Teaming Subcontractor. A “Teaming Subcontractor” as used in this Section L is defined as any proposed subcontractor that is anticipated to perform work with an estimated value of \$10 million or more over the contract period (including option years) under the Firm-Fixed-Price, Labor Hour, and Cost Reimbursement contract line items.

(b) Availability of the solicitation, amendments, and other documents-electronic media.

- (1) In order to further the Government policy of maximizing electronic commerce and making the acquisition process optimally cost-effective, electronic media will be used for distributing the solicitation, amendments thereto, and other documents to the public. These documents will be posted through the FedConnect website at <https://www.fedconnect.net>. This electronic medium will constitute the official distribution method for this solicitation. Amendments and other official communications from DOE regarding this solicitation will be posted through this medium. Offerors

and other interested parties are responsible to maintain continual surveillance of the website to remain abreast of the latest available information (Offerors and other interested parties are encouraged to utilize the website's "Notifications" feature). No changes to this solicitation will be effective unless the changes are incorporated into the solicitation by an amendment. No other communication, whether oral or in writing, will modify or supersede the terms of the solicitation.

- (2) The solicitation, amendments, reference documents, and other communications are also available through the Environmental Management Consolidated Business Center (EMCBC) procurement website at [https://www.emcbc.doe.gov/SEB/port\\_iss/](https://www.emcbc.doe.gov/SEB/port_iss/). Sensitive information, such as Official Use Only (OUO) information, will require the Offeror to complete and return a nondisclosure agreement as instructed on the procurement website.

(c) Submission of proposals.

- (1) The Offeror must be registered in FedConnect at <https://www.fedconnect.net>. The Offeror must also be registered in the System for Award Management at <https://www.sam.gov>.
- (2) Offerors must submit proposals electronically through FedConnect by the date and time specified in Standard Form (SF) 33, *Solicitation, Offer and Award*, in Section A of this solicitation and other provisions of Section L. It is imperative the Offeror read and understand how to submit its proposal using the FedConnect web portal. Proposal documents required by this solicitation must be uploaded and received in their entirety in the FedConnect Responses web portal no later than the date and time specified in SF 33, *Solicitation, Offer and Award*, in Section A of this solicitation. Failure to submit a response that is received through the FedConnect Responses web portal by the stated time and date may result in the proposal not being considered. By submitting a proposal, the Offeror agrees to comply with the terms and conditions as set forth in this solicitation. DOE does not provide help desk assistance regarding FedConnect, and questions regarding FedConnect shall be addressed directly to FedConnect in accordance with instructions found on its website. Subcontractor submissions of proprietary information may provide a password protected document file to the prime and share the password with the CO. The subcontractor proposal must adhere to the proposal due date/time in the solicitation and be submitted by the prime Offeror via FedConnect.
- (3) Electronic submission of a proposal via FedConnect is required; however, the original, signed, hard copy submission of the proposal shall be considered the Offeror's official offer and will be considered binding.
- (4) In addition to the electronic submission of the Offeror's proposal via FedConnect, the Offeror shall submit the required number of paper and electronic copies of each proposal volume as indicated in the table below. The content in the paper and electronic copies shall be identical. The only exceptions are as follows:
  - (i) Financial statements, annual report(s), and financial capability information, required by Section L.16 PROPOSAL PREPARATION INSTRUCTIONS – VOLUME III: PRICE PROPOSAL, which shall be included in the electronic submission via FedConnect and USB flash drive copies and the signed original only, but are not required to be included in the additional paper copies.

- (ii) The paper and electronic copies shall be submitted no later than the proposal due date, as follows:

(d) Solicitation instructions and proposal information.

- (1) Proposals are expected to conform to the solicitation requirements and the instructions contained in this Section L. The Government will evaluate proposals on the basis of the information provided in the proposal. The Government will not assume that an Offeror possesses a capability unless set forth in the proposal. This applies even if the Offeror has existing contracts with the Federal Government, including DOE.
- (2) These instructions are not evaluation factors. Evaluation factors are described in Section M entitled, *Evaluation Factors for Award*, of this solicitation. However, failure to provide the requested information may make an Offeror ineligible for award or adversely affect the Government's evaluation of an Offeror's proposal. In addition, a proposal will be eliminated from further consideration before completing the Government's evaluation if the proposal is deficient as to be unacceptable on its face. A proposal will be deemed unacceptable if it does not represent a reasonable initial effort to address itself to the material requirements of the solicitation, or if it does not substantially and materially comply with the proposal preparation instructions of this solicitation. Cursory responses or responses that merely repeat or reformulate the PWS will not be considered responsive to the requirements of the solicitation. In the event that a proposal is rejected, a notice will be sent to the Offeror stating the reason(s) the proposal will not be considered for further evaluation under this solicitation.

(e) Proposal volumes and page limitations.

- (1) The overall proposal shall consist of separate volumes, organized and individually entitled as stated below, with the following page limitations:
  - (i) Volume I, Offer and Other Documents - No page limit.
  - (ii) Volume II, Technical and Management Proposal - See page limitations identified in each factor.
  - (iii) Volume III, Price Proposal - No page limit.
- (2) Attachments, annexes, and appendices shall be counted toward the page limitations set forth below for Volume II, unless otherwise stated. The following do not count toward the page limitations: table of contents, title pages, glossary, divider tabs, blank pages, and cross reference matrix. Those pages that exceed the limits set forth in each factor below will not be considered in the evaluation; page counting will begin with the first page of each volume and continue up to the page limitation. No material may be incorporated by reference as a means to circumvent the page limitations.
- (3) Except as may be provided elsewhere in the solicitation (including paragraph [f][2] below), Offerors shall not cross reference to other volumes of the proposal and shall provide complete information within the appropriate volume. Cost and pricing information shall be submitted and addressed only in Volume III, Price Proposal, unless otherwise specified.

(f) Proposal specifications.

- (1) Table of contents. Each volume shall contain a table of contents and a glossary of abbreviations and acronyms. The table of contents in each volume shall identify the section, subsection, paragraph titles, and page numbers, as well as all spreadsheets, charts, tables, figures, diagrams, design drawings, and graphs.
- (2) Cross-reference matrix. The Offeror shall provide a cross reference matrix within Volumes II and III, which correlates the proposal by page and paragraph number to the PWS, the Section L instructions, and the Section M evaluation factors. The cross reference matrix shall be inserted immediately following the table of contents of the corresponding volume of the Offeror's proposal.
- (3) Page size. Page size shall be  $8\frac{1}{2} \times 11$  inches for text pages, excluding foldouts. When  $8\frac{1}{2} \times 11$  inch pages contain text on both front and back, this is considered two (2) pages. Page size for foldouts shall not exceed  $11 \times 17$  inches; foldouts may be used for large tables, charts, graphs, diagrams, design drawings, or other schematics. Foldout pages shall fold entirely within the volume that it appears. When  $11 \times 17$  inch pages are used, this is considered two (2) pages; if tables and graphics are on both front and back, this is considered four pages. Tables of contents, lists of figures, dividers, tabs, or similar inserts that do not provide any substantive information are not counted as a page. Use of  $11 \times 17$  binders for Volume III, *Price Proposal*, is permitted.
- (4) Print type. Text shall be 12 point or larger, single-spaced, using Times New Roman font type. Headers and footers, spreadsheets, charts, tables, diagrams or design drawings, and graphs must be 10 point or larger using Times New Roman font type. Two (2) columns of text per page and use of boldface type for paragraph headings are acceptable. Print type used in completing forms attached to this RFP as Microsoft® Word®, Access®, or Excel® documents should not be changed from the styles used in the attachments.
- (5) Page margins. Page margins for text pages and foldouts shall be a minimum of one (1) inch at the top, bottom, and each side. Each page shall, within the one (1) inch top or bottom margins, set forth the solicitation number; name of the Offeror; and, as applicable, the legend in accordance with paragraph (e)(2), Restriction on disclosure and use of data, of the provision at FAR 52.215-1, *Instructions to Offerors-Competitive Acquisition*. This is the only information that can be displayed within the margins.
- (6) Page numbering. Pages shall be sequentially numbered by volume.
- (7) File format. Files submitted shall be readable and searchable (not scanned) using Microsoft® Word®, Excel®, or Adobe® portable document format (PDF) except the following specific Volume III files:
  - (a) Price Proposal tables shall be organized and submitted in native file format.
  - (b) Electronic copies of financial statements and annual reports shall be submitted as PDFs.
  - (c) Proprietary software utilized in preparation of proposal information shall be provided along with licenses required to allow operation of the proprietary software. Files provided in accordance with this section shall be in the native format. The files shall not be

password protected or contain other security restraints unless access information is provided.

(8) Binding and labeling of hard copies. Each volume shall be separately bound in three-ringed loose-leaf binders. Cost proposals may be submitted in three-ringed binders in sizes up to 11 × 17. Staples shall not be used. The outside front cover of each binder shall indicate the Contractor's name, the RFP number, the title of the RFP, and the copy number (i.e., sequentially number the required copies with the original being copy no. 1). The same identifying data shall be placed on the spine of each binder to facilitate identification and accountability when placed in a vertical position.

(g) Classified information. The Offeror shall not provide classified information in response to this solicitation.

(h) Questions.

(1) Questions regarding this solicitation must be submitted to [Port\\_ISS@emcbc.doe.gov](mailto:Port_ISS@emcbc.doe.gov) no later than seven (7) calendar days after the original solicitation issuance date. If DOE has not acknowledged receipt of submitted questions within three (3) business days, the Offeror may contact the CO to confirm receipt of questions. Each question shall clearly specify the solicitation area to which it refers. Responses to questions, as appropriate, will be posted on the procurement website as soon as practicable. DOE will make every effort to have all questions answered at least two (2) weeks before the proposal submission date. The Government will not identify prospective Offerors submitting questions. Offerors must check the procurement website periodically to ascertain the status of answers to questions.

(2) This solicitation is considered complete and adequately describes the Government's requirements. If an Offeror believes that there is an error in the solicitation, or an omission, the Offeror shall submit a question to [Port\\_ISS@emcbc.doe.gov](mailto:Port_ISS@emcbc.doe.gov).

(i) False statements. Proposals must set forth full, accurate, and complete information, as required by this solicitation (including attachments). The penalty for making false statements in proposals is prescribed in 18 U.S.C. 1001.

(j) Examination of data. By submission of a proposal, the Offeror grants to the CO, or an authorized representative of the CO, the right to examine, for purposes of verifying the data submitted, those books, records, documents, and other supporting data (regardless of form) that will permit an adequate evaluation of the proposal. This right may be exercised in connection with any reviews deemed necessary by the CO prior to award.

(k) Commitment of public funds. The CO is the only individual who can legally award a contract and commit the Government to the expenditure of public funds in connection with the proposed acquisition. Any other commitment, either explicit or implied, is invalid.

(l) Content of resulting contract. A Contract awarded as a result of this solicitation will contain the following sections of the solicitation: Part I – The Schedule; Part II – Contract Clauses; Part

(h) Facility Clearance verification (Revised).

The Offeror shall submit the following for the Offeror, JV/LLC member(s), and Teaming Subcontractors (if applicable) who will perform work under a contract resulting from this solicitation and require access authorizations (see Section L provision entitled, DEAR 952.204-73, Facility Clearance): (1) DOE Facility Clearance code or your Department of Defense (DOD) assigned Commercial and Government Entity (CAGE) code; (2) the date the Offeror's, JV/LLC member(s)', and Teaming Subcontractor's (if applicable) completed Standard Form 328 was submitted, and (3)

the date of the Contracting Officer's affirmative FOCI determination. If the Offeror, JV/LLC member(s), or any of its Teaming Subcontractors (if applicable) do not possess such a CAGE code or DOE/NRC facility clearance number, the Offeror, JV/LLC member(s), and Teaming Subcontractor (if applicable) shall submit FOCI information in accordance with the Section L provision entitled, DEAR 952.204-73, Facility Clearance. Further information is available at <https://foci.anl.gov/>. All Offerors, JV/LLC member(s), and Teaming Subcontractors (if applicable) that do not possess a CAGE code or DOE/NRC Facility Clearance number, shall complete the required entries into the DOE Foreign Ownership, Control, or Influence (FOCI) Electronic Submission System (ESS) located at <https://foci.anl.gov/>. Use of the DOE FOCI ESS is mandatory for all Offerors, JV/LLC member(s), and Teaming Subcontractors (if applicable) that do not possess a Facility Clearance. Be sure to designate Key Management Personnel (KMP) (specific to FOCI only; this is not the same as Key Personnel as defined in Section H) in e-FOCI that hold the appropriate security clearance level as required by the scope of work and for the facility clearance. At a minimum, KMP must include the positions of the President and Facility Security Officer (FSO). If any member of the Offeror (including Teaming Subcontractors) is under FOCI, the Offeror shall submit a draft FOCI Mitigation Plan for review by the appropriate Cognizant Security Office (CSO). If the CSO has questions regarding any of the FOCI Verification, Facility Clearance Information, and/or the draft FOCI Mitigation Plan, it may reach out to the Offeror during the evaluation process for clarifications. Note: This will not constitute "negotiations" (or "discussions") as defined in paragraph (d) of FAR 15.306, Exchanges with Offerors after Receipt of Proposals or obligate the Government to conduct discussions; nor constitute a "proposal revision" as defined in FAR 15.001.

Offerors, JV/LLC member(s), and Teaming Subcontractors (if applicable) are encouraged to transmit FOCI information before the deadline for proposal submission. Under the DOE FOCI ESS, electronic signatures cannot be accepted; thus, the signed original SF-328 executed in accordance with the form's instructions, and any other forms requiring a signature or seal shall be printed, signed, and submitted to the federal FOCI Operations Manager at the mailing address provided in the system. When filling out the New User Registration information in the DOE FOCI ESS, select "**Environmental Management Consolidated Business Center**" as the FOCI Office that will review your submission for this solicitation when it is completed. Include Portsmouth Infrastructure Support Services Solicitation No. 89303320REM000072 in the "Reason for Request" field. If the Department identifies missing information, the Offeror shall submit any information requested by the Department (FOCI Manager or CO) as soon as possible.

(i) Performance Guarantee Agreement.

If the Offeror is a joint venture, limited liability company, or other similar entity, the Offeror shall provide the Performance Guarantee Agreement in accordance with the clause DOE-H-2016, *Performance Guarantee Agreement*. ## **L.13 PROPOSAL PREPARATION INSTRUCTIONS, VOLUME II – KEY PERSONNEL AND ORGANIZATION**

**Factor 2 – Key Personnel and Organization** (*The Key Personnel and Organization section shall not exceed five pages, exclusive of resumes and letters of commitment. The key personnel resumes are limited to four pages for each resume.*)

(a) Key personnel.

- (1) The Offeror shall propose Key Personnel positions that it considers essential to the successful accomplishment of the work. The Offeror shall propose at a minimum the Program Manager and the Security Manager. In addition, the Offeror may propose up to two additional other key personnel that the Offeror considers critical to the overall performance of the contract. Only one individual may be proposed for each key personnel position.

It is recognized that the number and functions of key personnel will be dependent on the organizational structure of the individual Offeror and the manner in which the Offeror proposes to perform the work. The Offeror shall not provide the names or qualifications of any non-key personnel.

The Offeror shall provide the rationale for the selection of the proposed non-required key personnel positions regarding why they are essential to the successful performance of the entire Contract and the optimal team for execution of the Contract.

The Offeror shall confirm the availability of the key personnel as being full-time assigned to the contract and that their permanent duty station is located in the local surrounding area.

Failure to propose, at a minimum, a Program Manager and a Security Manager, or to confirm the availability of the key personnel as being full-time assigned to the contract and that their permanent duty station is located in the local surrounding area will result in the Offeror's proposal being excluded from further consideration.

(2) Resume.

The Offeror shall provide written resumes for all proposed key personnel in the format shown in Attachment L-1. The resume shall describe the key person's qualifications and suitability for the proposed position. The resume shall address the following:

- (i) Relevant experience in performing work similar in size, scope, and complexity to the work to be performed in their proposed position (e.g., scope – work as identified in the PWS); size – dollar value and contract duration; and complexity – performance challenges (e.g., performing under a firm-fixed-price environment, types of road repairs, types of facilities, industrial hazards and interfaces with DOE and other government contractors), leadership and other accomplishments;
- (ii) Education, specialized training, certifications, and licenses that support the suitability for the proposed position; and
- (iii) At least three references having direct knowledge of the qualifications of the proposed key person.

By submission of each resume, the key person and Offeror authorize DOE to contact any references, previous employers, or clients to verify the accuracy of information provided in the

resume and to further assess each individual's suitability for the proposed position. DOE may contact any or all of the references, previous employers, or clients as a part of its evaluation of the key personnel.

- (3) Letter of commitment. A letter of commitment shall be submitted for each individual proposed as a key person. Each key person shall sign the letter stating that the information contained in the resume, submitted as part of the proposal, is true and correct; and the individual will unconditionally accept employment in the key position identified in the proposal beginning on the date the Notice to Proceed (NTP) is issued for a period of time commensurate with the functional position as defined in DOE-H-2070, Key Personnel – Alternate I. The Letter of Commitment shall state as follows:

*“I hereby certify that the resume submitted as part of the proposal is true and correct, and \_\_\_\_\_ (insert name of individual proposed) will accept the proposed position of \_\_\_\_\_ (insert name of proposed position) if \_\_\_\_\_ (insert name of Offeror) receives the award and will perform in the proposed position for minimum of two years (consistent with DOE-H-2070) beginning on the date the Notice to Proceed (NTP) is issued for the Transition Period of the contract. I also hereby certify that I will be assigned full-time to the contract and my permanent duty station will be located within the local surrounding area.”*

Failure to submit a signed letter of commitment will adversely affect the Government's evaluation of the proposal.

- (b) Organization. The Offeror shall provide a detailed staffing plan that demonstrates its ability to obtain, retain, and maintain the adequate numbers of qualified personnel to safely and effectively perform all elements of the PWS. The Offeror shall include an organizational breakdown structure to accomplish the PWS and the benefits of its use of subcontracting or teaming arrangements (if any). The Offeror shall also describe its approach to the variability in workload and work surges; and describe their understanding of and approach to interfacing with other site contractors, service providers, and site-wide programs providing integrated safety management and an effective safety culture.

## **L.14 PROPOSAL PREPARATION INSTRUCTIONS, VOLUME II – PAST PERFORMANCE**

**Factor 3 – Past Performance** *(The Past Performance section shall be limited to the Attachment L-3, Past Performance Reference Information Forms, which are limited to up to five pages per contract; the Attachment L-5, List of Contracts Terminated for Default or Convenience, the Attachment L-6, List of DOE Contracts, and Past Performance Consent Statement(s), which have no page limits.)*

Offerors shall include the following information in the Volume II - Technical and Management Proposal, (Attachment L-3, Past Performance Reference Information Form, Attachment L-5, List of Contracts Terminated for Default or Convenience, Attachment L-6, List of DOE Contracts, and Past Performance Consent Statement(s), identified above) related to the Offeror's past performance:

- (a) Contracts information. The Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), shall provide past performance information on up to three (3) contracts per member, either currently being performed or completed by the Offeror/members, and up to two (2) contracts, either currently being performed or completed for each proposed Teaming Subcontractor. The Offeror shall only provide past performance information for contracts that are currently being performed or have been completed within the last five (5) years from the original solicitation issuance date. Contracts may be, but are not limited to, contracts, task orders, delivery orders, or other legal agreements with federal, state, local, and foreign Governments and/or with commercial customers
- (b) Offeror past performance. The Offeror, to include all members of a teaming arrangement, as defined by FAR 9.601(1), shall provide information on contracts that are most similar in terms of scope, size, and complexity to the Section C PWS. Similar scope, size, and complexity are defined as follows: scope – type of work (e.g., work as identified in the Section C PWS); size – dollar value (approximate average annual value and contract period of performance); and complexity – performance challenges (e.g., performing under a firm-fixed-price environment, types of road repairs, types of facilities, industrial hazards and interfaces with DOE and other government contractors.).
- (c) Teaming Subcontractor past performance. In addition to the Offeror’s information on relevant past performance, the Offeror shall provide information on the relevant past performance for any proposed Teaming Subcontractors that are proposed to perform work under the contract. Teaming Subcontractors are defined in section L.10(a)(2). The Offeror’s other subcontractor(s), not meeting the Teaming Subcontractor definition, shall not submit past performance information and any submitted information will not be evaluated. The Offeror shall provide information on contracts that are most similar in scope, size, and complexity, as defined above in paragraph (b), to that portion of the work that the Teaming Subcontractor is proposed to perform under this solicitation.
- (d) Newly formed entity and predecessor companies. If the Offeror is a newly formed entity with no record of past performance for its team members as defined in FAR 9.601(1), the Offeror shall provide past performance information for its parent organization(s), member organizations in a joint venture, LLC, or other similar or affiliated companies, provided the Offeror’s proposal demonstrates that the resources of the parent, member, or affiliated company will be provided or relied upon in contract performance such that the parent, member, or affiliate will have meaningful involvement in contract performance. Meaningful involvement means the parent, member, or affiliate will provide material supplies, equipment, personnel, or other tangible assets to contract performance; or that the common parent will utilize the expertise, best practices, lessons learned, or similar resources from the affiliate to affect the performance of the Offeror. If a common parent company is used to establish the nexus between the Offeror and an affiliated company, the Offeror must demonstrate how the affiliate and Offeror rely on, for example, similar assets, resources, policies, and procedures of the common parent company.

The Offeror or Teaming Subcontractors may also provide past performance information on predecessor companies that existed prior to any mergers or acquisitions, where the Offeror’s proposal demonstrates such performance reasonably can be predictive of the Offeror’s performance.

- (e) Work to be performed. The past performance information provided for the Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), and/or Teaming Subcontractors, shall describe its relevancy to Section C of the PWS and to the work that is proposed to be performed by that individual entity. Specific cross references shall be made between the applicable sections of the PWS, the work to be performed by each entity, and the past performance of that entity. Each discrete reference contract provided must be attributed to a specific entity, or member of a teaming arrangement as defined in FAR 9.601(1) and/or Teaming Subcontractor. All information provided by the Offeror shall be described in sufficient detail to enable the Government to clearly identify and define the portion of work to be performed by each entity (Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), and Teaming Subcontractors) under the Offeror's proposed approach.
- (f) Performance information. For the reference contract, the Offeror shall identify Occupational Safety and Health Administration (OSHA) safety statistics (e.g., Days Away, Restricted, or Transferred (DART) cases and Total Recordable Cases (TRC)), as well as any DOE enforcement actions and/or worker safety and health, nuclear safety, and/or classified information security incidents or notifications posted to the DOE Office of Enterprise Assessments website (<https://energy.gov/ea/information-center/enforcement-infocenter>) and any corrective actions taken to resolve those problems. The Offeror shall include this information within the Past Performance Reference Information Form.
- (g) Terminated contracts. The Offeror shall provide a listing in Attachment L-5, *List of Contracts Terminated for Default or Convenience*, of any contracts of the Offeror, to include all members of a teaming arrangement, as defined by FAR 9.601(1), and/or Teaming Subcontractors that were terminated for default, including the reasons therefore, within the past five (5) years from the original solicitation issuance date. This listing of terminated contracts is not limited to only those contracts contained in the Attachment L-3, Past Performance Reference Information Forms. If there are no terminated contracts for default to report, Attachment L-5, *List of Contracts Terminated for Default or Convenience*, shall be submitted with a blank table, along with a note indicating that there are no terminated contracts within the time period specified in the solicitation.
- (h) Past Performance Questionnaire. The Offeror shall provide the Past Performance Questionnaire contained in Attachment L-4, Past Performance Cover Letter and Questionnaire, to the appropriate contract client reference within the Program Office/Project Office and/or the Contracting Office for completion for those contracts described in paragraph (a) for which no contractor performance data is available in the Contractor Performance Assessment Reporting System (CPARS). The Offeror shall request that clients return the Past Performance Questionnaire directly to DOE by electronic means to the address identified below no later than two (2) weeks prior to the date for receipt of proposals.

- (1) DOE address and contact information.  
U S. Department of Energy  
Attention: Jose Ortiz, Contracting Officer  
E-mail: [jose.ortiz@emcbc.doe.gov](mailto:jose.ortiz@emcbc.doe.gov)  
Phone: 513-310-2361

- (2) The Offeror shall be responsible for following up with the client point of contact to ensure that the questionnaire has been completed and returned to the DOE Contracting Officer on time. However, receipt of the questionnaires is not subject to the Section L Provision, “52.215-1, Instructions to Offerors – Competitive Acquisition” related to late proposals. Questionnaires not received by the proposal due date may not be considered if consideration will unduly delay evaluations. The Offeror may contact the Contracting Officer at the e-mail provided in this solicitation to confirm the receipt of any questionnaires.
- (i) List of DOE contracts. The Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), and Teaming Subcontractor(s) shall provide a listing on Attachment L-6, *List of DOE Contracts*, of all DOE prime contracts (including National Nuclear Security Administration) currently being performed and/or for contracts that were completed within the last five (5) years from the original solicitation issuance date. This includes contracts for which the Offeror or Teaming Subcontractor was a member organization in a joint venture, LLC, or other similar entity as a prime contractor to DOE. This list shall only include DOE prime contracts performed by the proposing entity and any affiliate companies for which an L-3 form is submitted (including within LLC arrangements), and shall not include any contracts performed by other affiliates not otherwise performing any of the submitted L-3 reference contracts (if applicable). If the Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), or Teaming Subcontractor(s) provided past performance information on predecessor companies that existed prior to any mergers or acquisitions, the Offeror, to include all members of a teaming arrangement, as defined in FAR 9.601(1), or Teaming Subcontractor(s) shall also provide a list of DOE contracts for the predecessor companies.
- (j) Past Performance Consent Statement. As past performance information is proprietary source selection information, by default, the Government can only discuss past performance information directly with the prospective prime contractor, team member or Teaming Subcontractor that is being reviewed. If there is a problem with a proposed Teaming Subcontractor’s or team member’s past performance, the prospective prime contractor can be notified of a problem, but no details will be discussed without the team member’s/Teaming Subcontractor’s permission. Therefore, the Government is requesting the following consent statement be completed, as applicable, by all proposed members of a teaming arrangement as defined in FAR 9.601(1), and all Teaming Subcontractors, by checking the appropriate “provide consent” or “do not provide consent” box, as well as providing all other requested information.

## **L.15 PROPOSAL PREPARATION INSTRUCTIONS – VOLUME III: PRICE PROPOSAL**

The Offeror shall submit a completed Section B.3 and Section L, Attachment L-8; and provide supporting detail under this Volume III, Price Proposal, in accordance with the instructions in this section.

- (a) All price information shall be included in Volume III of the proposal. None of the pricing information contained in Volume III should be included in any other proposal volumes unless specifically requested in the solicitation.
- (b) All pages in the Volume III Price Proposal, including forms, tables, and exhibits shall be numbered and identified in a volume table of contents. The price proposal shall be sufficiently complete so that cross-referencing to other proposal volumes is not necessary. There is no page limitation on the price proposal.
- (c) The Offeror's proposal shall include a price for each Section B.3 Contract Line Item Number (CLIN). The Offeror shall complete Section L, Attachment L-8, Price Proposal Worksheets. Section L, Attachment L-8 contains multiple worksheets. Volume III submission requirements can be found in Table L-2 – Copy Requirements.
- (d) Costs associated with the requirements under Section C.2.0, Management and Administration, shall be included in the proposed pricing for the Firm-Fixed-Price and Labor Hour CLINs as applicable.

The total price of the Section L, Attachment L-8 Price Proposal Worksheets, shall equal the Section B.3 CLIN prices for the Firm-Fixed Price, Labor Hour, and Cost Reimbursement CLINs.

The total price of the Section L, Attachment L-8 for the IDIQ CLINs shall not be entered into Section B.3, but will be included as a component of the total evaluated price per Section M. Additionally, unit pricing for the IDIQ CLINs will be utilized for the pricing of the IDIQ task orders.

- (e) The Labor Hour CLINs correspond to Section C.3.11 (EEOICPA Personnel) and Section C.3.12 (Cyber, Computing, and IT). Under Sections C.3.11 and C.3.12, the Offeror, and any proposed subcontractor(s), shall provide the basis and explanation regarding the development of each fully-burdened labor rate (historical averages, provisional billing rate, etc.). In addition, the Offeror, and any proposed subcontractors, shall provide a buildup of each fully-burdened labor rate (base rate, applied indirect rates, escalation rates, and profit) in the same format by completing the Labor Rate Details table(s) included in Section L, Attachment L-8 Price Proposal Worksheets. Any proposed subcontractors may submit their Labor Hour CLIN pricing directly to the Contracting Officer. If the Offeror is proposing subcontractors, the fully-burdened labor rates related to the proposed subcontractor work effort shall include any add-ons from the prime contractor (i.e., G&A and profit).

The Offeror shall provide its own fully-burdened rates and fully-burdened labor rates of its subcontractors by completing the pricing schedules in Table B.3 (3) (EEOICPA Personnel) and Table B.3 (4) (Cyber, Computing, and IT) Schedule of Fully Burdened Labor Rates, for the total base period (Years 1-3) and total option period (Years 4-5). Tables B.3 (3) and B.3 (4) shall both be submitted as part of the Volume III, Price Proposal. In addition, the Offeror shall complete and submit the Labor Rate Details table(s) included in Section L, Attachment L-8 Price Proposal Worksheets aligning with Tables B.3(3) and B.3(4). The Offeror cannot adjust the formatting of the Labor Rate Detail worksheets; however, additional columns may be incorporated to reflect utilization of prime and multiple subcontractors for any given labor category or categories included in Section(s) C.3.11 and C.3.12. If additional columns are incorporated, the total of the estimated DPLH for all columns pertaining to a given labor category shall equal the estimated DPLH for that labor originally identified in the Labor Rate Details.

For proposal preparation purposes, the Offeror shall complete the crosswalk in Attachment L-8, Labor Category Crosswalk, to reconcile the DOE labor categories included in Sections C.3.11 and C.3.12 with the labor categories proposed by the Offeror and its subcontractors. Additionally, the Offeror shall provide written confirmation that the proposed labor categories will meet or exceed the minimum qualifications contained in Section J, Attachment J-8.C.3.11, Minimum Labor Qualifications for Labor Hour CLINs.

- (f) The estimated cost for the cost reimbursement CLINs are provided by DOE in Section B.3 of the solicitation. The DOE-provided estimated cost for the cost reimbursement do not include indirect markups (i.e., overhead, G&A). Any support related to managing the cost reimbursement work shall be included in the Offeror’s Firm-Fixed Price Operations CLINs.
- (g) For proposal preparation purposes, Offerors shall assume: (1) a Contract Transition Period not to exceed 60 days; and (2) assumption of full responsibility for performance of the contract requirements on July 15, 2021.
- (h) For proposal preparation purposes, Offerors shall use the estimated funding provided in the Contract Funding Profile Table. The estimated funding profile, per Contract Year, includes the Firm-Fixed Price, Labor Hour, and Cost Reimbursement CLINs. The IDIQ CLINs are not part of the estimated funding.

<b>Period</b>	<b>Estimated Funding</b>
Year One (Base Period)	\$35M to \$40M
Year Two (Base Period)	\$35M to \$40M
Year Three (Base Period)	\$35M to \$40M
Year Four (Option Period)	\$35M to \$40M
Year Five (Option Period)	\$35M to \$40M

The provided estimated funding profile represents the government’s estimate of the future funding as of the date of the solicitation. This estimated funding is not a guarantee of available funds. Actual funding may be greater or less than these estimates. Therefore, the Contractor may propose a total price to perform the activities within the Firm-Fixed Price, Labor Hour and Cost Reimbursable

CLINs at a price greater or less than the Government's estimated funding profile. The provided funding profile is not DOE's independent government cost estimate of the work to be performed.

- (i) For informational purposes only, historical direct labor rates for non-union employees, current staffing levels, and the current Collective Bargaining Agreement can be found in the procurement website Documents Library.
- (j) Limitations on Subcontracting (FAR 52.219-14): As part of the price proposal, the Offeror shall also provide written certification that it will comply with the Limitations on Subcontracting clause (FAR 52.219-14) during the course of the contract.
- (k) Responsibility Determination and Financial Capability: FAR 9-104-1(a), General Standards, requires that a prospective offeror have adequate financial resources to perform the Contract or the ability to obtain them in order to be determined responsible. It is the Offeror's responsibility to demonstrate its financial capability to complete this Contract. Information provided by the offeror shall include, but is not limited to, the following:
  - (1) Financial Statements (audited, if available) and notes to the financial statements for the last two fiscal years;
  - (2) The information in subparagraph (1) above for each member of the offeror teaming arrangement, if a teaming arrangement is used;
  - (3) The last annual report for the parent corporation(s). In order to consider the financial or other resources of the parent corporation entity (ies) or other guarantors, each of those entities must be legally bound, jointly and severally, if more than one, to provide the necessary resources to the prospective offeror and assume all contractual obligations of the prospective offeror.
- (l) The Offeror shall provide the following information related to its prospective accounting system:
  - (1) If applicable, the Offeror shall provide a copy of the government approval/determination that its proposed accounting system is adequate for the identification and recording of cost under government reimbursable type contracts if the approval/determination was issued within the last three years. If the accounting system was deemed inadequate, provide the corrective actions that have or will be taken to correct the cited issues, including the implementation time for each action.
  - (2) If applicable, the Offeror shall provide a copy of the most recent accounting system audit report on its proposed accounting system if the audit was performed within the past five years.
  - (3) If applicable, the Offeror shall fully describe and explain any material changes made to the proposed accounting system since it was approved and/or audited.
  - (4) If the proposed accounting system has not been formally approved by the government within the last three years and/or audited within the last five years, or an audit determined the accounting system to be inadequate, then the Offeror shall state this and provide responses to the following items:
    - (i) Is the proposed accounting system in accordance with generally accepted accounting principles?
    - (ii) Does the accounting system include a timekeeping system that ensure proper accounting for and classification of employee labor by project/task?

- (iii) Does the accounting system provide for identification and accumulation of material costs by project/task and by contract?
- (iv) Does the accounting system provide for exclusion of costs charged to government contracts that are not allowable in terms of FAR 31 or other contract provisions?
- (v) Does the accounting system provide for segregation of direct costs from indirect costs?

**L.16 DEAR 952.204-73 FACILITY CLEARANCE (AUG 2016)**

Notices

Section 2536 of title 10, *United States Code*, prohibits the award of a contract under a national security program to an entity controlled by a foreign Government, if it is necessary for that entity to be given access to information in a proscribed category of information in order to perform the contract, unless a waiver is granted by the Secretary of Energy. In addition, a Facility Clearance and FOCI information are required when the contract or subcontract to be awarded is expected to require employees to have access authorizations.

Offerors who have either a DoD or a DOE Facility Clearance generally need not resubmit the following foreign ownership information, unless specifically requested to do so. Instead, provide your DOE Facility Clearance code or your DoD assigned CAGE code. If uncertain, consult the office which issued this solicitation.

(a) Use of Certificate Pertaining to Foreign Interests, SF 328.

- (1) The Contract work anticipated by this solicitation will require access to classified information or special nuclear material. Such access will require a Facility Clearance for the Contractor's organization and access authorizations (security clearances) for Contractor personnel working with the classified information or special nuclear material. To obtain a Facility Clearance, the Contractor must submit the SF 328, *Certificate Pertaining to Foreign Interests*, and all required supporting documents to form a complete FOCI Package. The Contractor will submit the FOCI information in the format directed by DOE. When completed, the Contractor must print and sign one copy of the SF 328 and submit it to the CO.
- (2) Information submitted by the Offeror in response to the SF 328 will be used solely for the purposes of evaluating FOCI and will be treated by DOE, to the extent permitted by law, as business or financial information submitted in confidence.
- (3) Following submission of a SF 328 and prior to contract award, the Contractor shall immediately submit to the CO written notification of any changes in the extent and nature of FOCI which could affect the Offeror's answers to the questions in SF 328. Following award of a contract, the Contractor must immediately submit to the cognizant security office written notification of any changes in the extent and nature of FOCI, which could affect the Offeror's answers to the questions in SF 328. Notice of changes in ownership or control, which are required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the US Department of Justice must also be furnished concurrently to the cognizant security office.

(b) Definitions.

(1) Foreign Interest means any of the following:

(i) A foreign Government, foreign Government agency, or representative of a foreign Government;

(ii) Any form of business enterprise or legal entity organized, chartered or incorporated under the laws of any country, other than the United States, or its possessions and trust territories; and

(iii) Any person who is not a citizen or national of the United States.

(2) FOCI means the situation where the degree of ownership, control, or influence over a Contractor by a foreign interest is such that a reasonable basis exists for concluding that compromise of classified information or special nuclear material may result.

(c) "Facility Clearance" means an administrative determination that a facility is eligible to access, produce, use or store classified information, or special nuclear material. A Facility Clearance is based upon a determination that satisfactory safeguards and security measures are carried out for the activities being performed at the facility. It is DOE policy that all Contractors or Subcontractors requiring access authorizations be processed for a Facility Clearance at the level appropriate to the activities being performed under the contract. Approval for a Facility Clearance shall be based upon:

(1) A favorable FOCI determination based upon the Contractor's response to the 10 questions in SF 328 and any required, supporting data provided by the Contractor;

(2) A contract or proposed contract containing the appropriate security clauses;

(3) Approved safeguards and security plans which describe protective measures appropriate to the activities being performed at the facility;

(4) An established Reporting Identification Symbol code for the Nuclear Materials Management and Safeguards Reporting System if access to nuclear materials is involved;

(5) A survey conducted no more than six months before the Facility Clearance date, with a composite facility rating of satisfactory, if the facility is to possess classified matter or special nuclear material at its location;

(6) Appointment of a Facility Security Officer, who must possess or be in the process of obtaining an access authorization equivalent to the Facility Clearance; and, if applicable, appointment of a Materials Control and Accountability Representative; and

(7) Access authorizations for key management personnel who will be determined on a case by case basis, and must possess or be in the process of obtaining access authorizations equivalent to the level of the Facility Clearance.

(d) A Facility Clearance is required prior to the award of a contract requiring access to classified information and the granting of any access authorizations under a contract. Prior to award of a contract, the DOE must determine that award of the contract to the Offeror will not pose an undue risk to the common defense and security as a result of its access to classified information or special nuclear material in the performance of the contract. The CO may require the Offeror to submit such additional information as deemed pertinent to this determination.

(e) A Facility Clearance is required even for contracts that do not require the Contractor's corporate offices to receive, process, reproduce, store, transmit, or handle classified information or special nuclear material, but which require DOE access authorizations for the Contractor's employees to perform work at a DOE location. This type facility is identified as a non-possessing facility.

(f) Except as otherwise authorized in writing by the CO, the provisions of any resulting contract must require that the Contractor insert provisions similar to the foregoing in all subcontracts and purchase orders. Any Subcontractors requiring access authorizations for access to classified information or special nuclear material shall be directed to provide responses to the questions in SF 328, *Certificate Pertaining to Foreign Interests*, directly to the prime Contractor or the CO for the prime contract.

**Notice to Offerors - Contents Review (Please Review Before Submitting)**

Prior to submitting the SF 328, required by paragraph (a)(1) of this clause, the Offeror should review the FOCI submission to ensure that:

- (1) The SF 328 has been signed and dated by an authorized official of the company;
- (2) If publicly owned, the Contractor's most recent annual report, and its most recent proxy statement for its annual meeting of stockholders have been attached; or, if privately owned, the audited, consolidated financial information for the most recently closed accounting year has been attached;
- (3) A copy of the company's articles of incorporation and an attested copy of the company's by-laws, or similar documents filed for the company's existence and management, and all amendments to those documents;
- (4) A list identifying the organization's owners, officers, directors, and executive personnel, including their names, social security numbers, citizenship, titles of all positions they hold within the organization, and what clearances, if any, they possess or are in the process of obtaining, and identification of the Government agency(ies) that granted or will be granting those clearances; and
- (5) A summary FOCI data sheet.

**Note:** A FOCI submission must be attached for each tier parent organization (i.e., ultimate parent and any intervening levels of ownership). If any of these documents are missing, award of the contract cannot be completed.

**L.17 DOE-L-2014 DATE, TIME, AND PLACE OFFERS ARE DUE (OCT 2015)**

**L.18 DOE-L-2016 NUMBER OF AWARDS (OCT 2015)**

**L.19 DOE CONTACTS REGARDING FUTURE EMPLOYMENT**

Offerors may contact incumbent Contractor employees about future employment except where prohibited by law. These contacts must take place outside the normal working hours of the employees.

**L.20 DOE-L-2021 GUIDANCE FOR PROSPECTIVE OFFERORS - IMPACT OF TEAMING ARRANGEMENTS ON SMALL BUSINESS STATUS (OCT 2015)**

- (a) This procurement has been set aside for small business. In order to ensure that award is made to an eligible small business, prospective Offerors, in consultation with legal counsel, are encouraged to review the Small Business Administration's (SBA's) size eligibility standards found at Title 13 of the Code of Federal Regulations, Section 121 (13 C.F.R. §121). In particular, Offerors proposing a joint venture, subcontracting, or another form of teaming arrangement shall review 13 C.F.R. § 121.103, "How does SBA determine affiliation?" prior to submitting a proposal.
- (b) The SBA is the sole authority for making determinations of small business status for small business programs. Such determinations are binding on the Offeror and the Contracting Officer. Accordingly, a finding by the SBA of affiliation between an Offeror and its proposed team member(s) or subcontractor(s) may result in the Offeror being found to be other than a small business and therefore ineligible for contract award.

**L.21 DOE-L-2026 SERVICE OF PROTEST (OCT 2015)**

#### **L.22 DOE-L-2027 NOTICE OF PROTEST FILE AVAILABILITY (OCT 2015)**

(a) If a protest of this procurement is filed with the GAO in accordance with 4 CFR part 21, any actual or prospective Offeror may request DOE to provide it with reasonable access to the protest file pursuant to 48 CFR 33.104(a)(3)(ii), implementing section 1605 of Public Law 103-355. Such request must be in writing and addressed to the CO for this procurement.

(b) Any Offeror who submits information or documents to the Department for the purpose of competing in this procurement is hereby notified that information or documents it submits may be included in the protest file that will be available to actual or prospective Offerors in accordance with the requirements of 48 CFR 33.104(a)(3)(ii). The Department will be required to make such documents available unless they are exempt from disclosure pursuant to the *Freedom of Information Act*. Therefore, Offerors shall mark any documents as to which they would assert that an exemption applies. (See 10 CFR Part 1004).

#### **L.23 DOE-L-2028 AGENCY PROTEST REVIEW (OCT 2015)**

Protests to the agency will be decided either at the level of the Head of the Contracting Activity or at the Headquarters level. DOE's agency protest procedures, set forth at 48 CFR 933.103, elaborate on these options and on the availability of a suspension of a procurement that is protested to the Department. The Department encourages potential protestors to discuss their concerns with the CO prior to filing a protest.

(b) Requests for determinations of inapplicability. An Offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the CO in time to allow a

determination before submission of offers. The Offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an Offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the Offeror shall include the information and supporting data in the offer.

- (2) If evaluation results in a tie between an Offeror that requested the substitution of foreign construction material based on unreasonable cost and an Offeror that did not request an exception, the CO will award to the Offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers.

- (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the Offeror also may submit an alternate offer based on use of equivalent domestic construction material.

- (3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the Offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested:
  - (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
  - (ii) May be accepted if revised during negotiations.

The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11, *Buy American Construction Materials Under Trade Agreements* in the request. - (c) Evaluation of offers.
- (1) The Government will evaluate an offeror requesting exception to the requirements of the Buy American Act, based on claimed unreasonable cost of domestic construction materials, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(4)(i) of clause 52.225-11.
  - (2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.
- (d) Alternate offers.
- (1) When an offer includes foreign construction material, other than designated country construction material, that is not listed by the Government in this solicitation in paragraph (b)(3) of clause 52.225-11, the offeror also may submit an alternate offer based on use of equivalent domestic or designated country construction material.
  - (2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of clause 52.225-11, for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.
  - (3) If the Government determines that a particular exception requested in accordance with paragraph (c) of clause 52.225-11, does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or designated country construction material, and the offeror shall be required to furnish such domestic or designated country construction material. An offer based on use of the foreign construction material for which an exception was requested:
    - (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

An Offeror’s utilization of any individual(s) who may possess non-public government information or source selection information (obtained through their employment or by other means) may result in a perceived or actual unfair competitive advantage. Utilization of non-public government information or source selection information to prepare its proposal in response to the subject solicitation may disqualify the Offeror’s proposal from award. B. Rating Scale and Definitions

Rating Scale and Definitions

<b>Rating</b>	<b>Definition</b>	<b>Note</b>
Exceptional	Performance meets contractual requirements and exceeds many to the Client's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the Contractor were highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the Client. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been no significant problems identified.

**Rating Scale and Definitions**

Rating	Definition	Note
Very Good	Performance meets contractual requirements and exceeds some to the Client’s benefit. The contractual performance of the element or sub-element being evaluated was accomplished with some minor problems for which corrective actions taken by the Contractor were effective.	To justify a Very Good rating, identify a significant event and state how it was a benefit to the Client. There should have been no significant problems identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the Contractor appear or were satisfactory.	<p>To justify a Satisfactory rating, there should have been only minor problems, or major problems the Contractor recovered from without impact to the contract/order. There should have been NO significant problems identified.</p> <p>Note: The Contractor should not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.</p>
Marginal	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the Contractor has not yet identified corrective actions. The Contractor’s proposed actions appear only marginally effective or were not fully implemented.	To justify Marginal performance, identify a significant event in each category that the Contractor had trouble overcoming and state how it impacted the Client. A Marginal rating should be supported by referencing the management tool that notified the Contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).

**Rating Scale and Definitions**

Rating	Definition	Note
Unsatisfactory	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the Contractor’s corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the Contractor had trouble overcoming and state how it impacted the Client. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the Contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).

**C. Assessment Areas**

Please provide explanatory narratives to support your ratings.

PERFORMANCE GUARANTEE AGREEMENT**

**\*\*\*ONLY TO BE COMPLETED IF OFFEROR IS A JOINT VENTURE, LIMITED LIABILITY COMPANY, OTHER SIMILAR ENTITY OR A NEWLY FORMED ENTITY**

For value received, and in consideration of, and in order to induce the United States (the Government) to enter into Contract \_\_\_\_\_ for the provision of infrastructure services at the Portsmouth Site (the "Contract") dated \_\_\_\_\_, by and between the Government and \_\_\_\_\_ (Contractor), the undersigned, (Guarantor), a corporation incorporated in the State of \_\_\_\_\_ with its principal place of business at \_\_\_\_\_ hereby unconditionally guarantees to the Government (a) the full and prompt payment and performance of all obligations, accrued and executory, which Contractor presently or hereafter may have to the Government under the Contract, and (b) the full and prompt payment and performance by Contractor of all other obligations and liabilities of Contractor to the Government, fixed or contingent, due or to become due, direct or indirect, now existing or hereafter and howsoever arising or incurred under the Contract, and Guarantor further agrees to indemnify the Government against any losses the Government may sustain and expenses it may incur as a result of the enforcement or attempted enforcement by the Government of any of its rights and remedies under the Contract, in the event of a default by Contractor thereunder, and/or as a result of the enforcement or attempted enforcement by the Government of any of its rights against Guarantor hereunder.

Guarantor has read and consents to the signing of the Contract. Guarantor further agrees that Contractor shall have the full right, without any notice to or consent from Guarantor, to make any and all modifications or amendments to the Contract without affecting, impairing, or discharging, in whole or in part, the liability of Guarantor hereunder.

Guarantor hereby expressly waives all defenses which might constitute a legal or equitable discharge of a surety or guarantor, and agrees that this Performance Guarantee Agreement shall be valid and unconditionally binding upon Guarantor regardless of (i) the reorganization, merger, or consolidation of Contractor into or with another entity, corporate or otherwise, or the liquidation or dissolution of Contractor, or the sale or other disposition of all or substantially all of the capital stock, business or assets of Contractor to any other person or party, or (ii) the institution of any bankruptcy, reorganization, insolvency, debt agreement, or receivership proceedings by or against Contractor, or adjudication of Contractor as a bankrupt, or (iii) the assertion by the Government against Contractor of any of the Government's rights and remedies provided for under the Contract, including any modifications or amendments thereto, or under any other document(s) or instrument(s) executed by Contractor, or existing in the Government's favor in law, equity, or bankruptcy.

Guarantor further agrees that its liability under this Performance Guarantee Agreement shall be continuing, absolute, primary, and direct, and that the Government shall not be required to pursue any right or remedy it may have against Contractor or other Guarantors under the Contract, or any modifications or amendments thereto, or any other document(s) or instrument(s) executed by Contractor, or otherwise. Guarantor affirms that the Government shall not be required to first commence any action or obtain any judgment against Contractor before enforcing this Performance Guarantee Agreement against Guarantor, and that Guarantor will, upon demand, pay the Government any amount, the payment of which is guaranteed hereunder and the payment of which by Contractor is in default under the Contract or under any other document(s) or instrument(s) executed by Contractor as aforesaid, and that Guarantor will, upon demand, perform all other obligations of Contractor, the performance of which by Contractor is guaranteed hereunder.

Guarantor agrees to assure that it shall cause this Performance Guarantee Agreement to be unconditionally binding upon any successor(s) to its interests regardless of (i) the reorganization, merger, or consolidation of Guarantor into or with another entity, corporate or otherwise, or the liquidation or dissolution of Guarantor, or the sale or other disposition of all or substantially all of the capital stock, business, or assets of Guarantor to any other person or party, or (ii) the institution of any bankruptcy, reorganization, insolvency, debt agreement, or receivership proceedings by or against Guarantor, or adjudication of Guarantor as a bankrupt.

Guarantor further warrants and represents to the Government that the execution and delivery of this Performance Guarantee Agreement is not in contravention of Guarantor's Articles of Organization, Charter, by-laws, and applicable law; that the execution and delivery of this Performance Guarantee Agreement, and the performance thereof, has been duly authorized by the Guarantor's Board of Directors, Trustees, or any other management board which is required to participate in such decisions; and that the execution, delivery, and performance of this Performance Guarantee Agreement will not result in a breach of, or constitute a default under, any loan agreement, indenture, or contract to which Guarantor is a party or by or under which it is bound.

No express or implied provision, warranty, representation or term of this Performance Guarantee Agreement is intended, or is to be construed, to confer upon any third person(s) any rights or remedies whatsoever, except as expressly provided in this Performance Guarantee Agreement.

In witness thereof, Guarantor has caused this Performance Guarantee Agreement to be executed by its duly authorized officer, and its corporate seal to be affixed hereto on (date) \_\_\_\_\_.
