

United States Department of Energy
Synopsis
Portsmouth Infrastructure Support Services Procurement

This notice is considered to be a synopsis in accordance with FAR Subpart 5.2 for the Portsmouth Infrastructure Support Services (Port ISS) Procurement.

Within 15 to 60 days from the date that this notice is published, the U.S. Department of Energy (DOE) anticipates the issuance of a Request for Proposal (RFP), 89303320REM000072, for the Port ISS Procurement at the Portsmouth Gaseous Diffusion Plant (Portsmouth Site) near Piketon, Ohio.

DOE requires a Contractor to provide infrastructure services under this acquisition to include (but not limited to): surveillance, maintenance, repair and construction or replacement of facilities; janitorial services; grounds maintenance, snow removal, and pest control; roadway and parking lot maintenance; IT, computer and telecommunications services; fleet management; real property management; records management and document control; safeguards and security; training services; mail services; and other activities and support of site infrastructure. The new contract resulting from this acquisition will replace the Portsmouth Mission Alliance – Portsmouth Infrastructure Contract, DE-EM0004062, which will expire July 14, 2021.

This procurement will be a total small business set aside. The Government does not intend to acquire a commercial item or service using FAR Part 12. The North American Industry Classification System (NAICS) code for this requirement is 561210, Facilities Support Services, with a size standard of \$41.5 million.

A dedicated webpage has been established for this procurement. All news/announcements, documents (including the Final RFP), questions/answers, any pre-proposal conference and/or site tour information, and related links will be posted to the following webpage:

https://www.emcbc.doe.gov/seb/port_iss/

The Final RFP will also be posted to the Fedconnect website and the beta.SAM website at:

www.fedconnect.net
<https://beta.sam.gov/>

No additional synopsis will be released prior to issuing the Final RFP.

Contracting Office Address:

U.S. Department of Energy
Environmental Management Consolidated Business Center (EMCBC)
250 E. 5th Street, Suite 500
Cincinnati, OH 45202

Place of Performance:

The infrastructure support services to be acquired will be performed at the Portsmouth Site, which is located on a 3,778-acre federal reservation in south-central Ohio, one (1) mile east of U.S. Route 23, approximately 22 miles north of Portsmouth, Ohio and 75 miles south of Columbus, Ohio. The nearest residential center is the village of Piketon, Ohio, approximately five (5) miles northwest of the Portsmouth Site on U.S. Route 23.
